

Allotments Association Report April 2026

With a lot of help from the Probation Services Community Payback team over the winter months, unloved and vacant plots on the Glebe have been cleared and been brought back into use. We are pleased to report that every plot on the Glebe has now been taken. The same is true for Simons Cross which is also full. The waiting list for plots continues to grow steadily, possibly as a result of the increase in new housing developments in the area.

On the down side, we have had some vandalism on both sites but Simons Cross has come off a lot worse with sheds broken into and tools stolen. We are currently exploring options to install CCTV cameras on both sites.
