24th April 2026

Rainbows are enjoying crafts, games, Baking, singing and walking around the village, we also have a new mini badge book with more fun badges for them to do, the girls have enjoyed working on three of them so far. They also can earn Interest, Skills and Theme Award badges & Certificates and Challenge badges. There are 6 themes altogether for the girls to work on.

Our numbers will be down to 6 next term some girls have moved up to Brownies. Rainbows are from age of 4yrs to 7yrs if you know of any girls interested please do contact us.

Brownies are from the age of 7yrs to 10yrs. They have been learning new crafts and skills, also games, cooking, singing, sewing and lots of fun activities indoor as well as outdoor. They have also enjoy worked on Challenges to earn extra badges. They too have a new badges to work on if they wish to.

Brownies numbers have increased this year and next term we will have 12 girls. But again if you know of any girls that would like to come along to either Rainbows or Brownies and see what we do they would be very welcome, Just text or email me their contact details.

Both Rainbows and Brownies can also earn Bronze, Silver and Gold Award badges and certificates.

We are very grateful for donations from the Barker Education Trust foundation and a kind person from the village which helped to pay towards either anyone needing a little help with fees or uniform and toward our Annual Census which this year a large amount we had to pay out.

We do have a new unit helper BUT are still looking for new leader/s and helpers so if anyone is interested please do give us a call, It would be Very Sad to have to close both units but that is what will happen if new Leader/s can not be found.

It's important that units like Rainbows, Brownies & Guides are supported and kept going for the girls in and around our village.

Thank you for giving us the opportunity to give this report, sorry we could not be there in person tonight.

Linda Payne & Cathy Healey.
