Dear Richard

WICKHAM MARKET PARISH COUNCIL: SIZEWELL C SIZEWELL WORKING GROUP (SWG) AND TRAFFIC AND PARKING WORKING GROUP (TPWG) MEETINGS WITH EDF

Thank you for your letter dated 18th May and agreeable response to our letter of the 17th April. I appreciate your apology for the cancelled May meeting and am encouraged to hear the June 8th meeting is still scheduled to go ahead at the current time.

We are pleased that you are starting to look at potential schemes that may be proposed for traffic mitigation for Wickham Market.

With reference to the Traffic and Parking Report, this has only recently been finished and sent to the Parish Council, where it is undergoing review by the Parish Councillors. We are preparing to send, prior to 8th June, a checklist of key points and areas where we would expect to see mitigation measures employed.

We assume that you may have updated traffic modelling data for the next meeting in particular at the Fiveways roundabout as mentioned at the March meeting.

It would also be useful to know when you consider it would appropriate to discuss the landscape and visual aspects of the Southern Park and Ride site in relation to the points we and other Parishes have raised previously. The document (attached) was tabled at 9th December meeting. We have also attached the WMPC Problem Statement for completeness.

We are pleased to hear that you are happy with our proposed list of attendees and

understand that your attendees may vary depending on specific technical support needed and availability, as stated at the March meeting.

We have attached a draft agenda for June and welcome your comments on this.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'S Exton', is centered on the page.

Sonya Exton Chair Sizewell Working Group
